ABOUT US

Cyberwave Academy is a modern education center that blends academic excellence with essential digital skills to prepare students for the future. We offer tuition classes for both primary and secondary school students, covering core academic subjects such as Mathematic, Science, English and Malay. Beyond academics, we equip students with 21st-century skills including coding, graphic design, robotics and digital literacy. Our learning approach is interactive, engaging and tailored to nurture each student's full potential. At CyberWave Academy, we believe that a strong combination of academic knowledge and tech skills will shape confident and future-ready individuals.
